STUDY REGULATIONS OF THE MEDICAL UNIVERSITY OF SILESIA IN KATOWICE

Załącznik nr 1 do Uchwały Nr 21/2019 Senatu Śląskiego Uniwersytetu Medycznego w Katowicach z dnia 24 kwietnia 2019 r.

*The Study Regulations of SUM define the organization and course of higher education at the Medical University of Silesia in Katowice and the related **rights and obligations** of students.*

When do I become a student of SUM?

§ 4 ust. 1

„The person admitted to study begins their study and acquires student rights upon taking the oath, the content of which is specified in the Statute. The taking of the oath is confirmed in writing by the person admitted to the studies.”

When I finish my studies?

§ 30

„The date of graduation is (...), in the case of (...) medical-dental faculties - the date of submitting the last examination required by the study programme”.

§ 40 specifies the conditions for graduation.

The Student is/may be removed from the list of students in the following circumstances...

§ 22 The Student is removed from the list of students in the following circumstances: failure to commence studies, resigning from studies, non-submission of diploma thesis within the designated term or failing to pass the diploma exam, punishing via disciplinary penalty of removal from the University, noting lack of participation in compulsory classes, noting lack of progress in education, failure to obtain credits for the year within the designated timeframe, failure to make payments related to studies...

§ 4 *Study Regulations of the Medical University of Silesia in Katowice* defines the **rights of students**

1. Student has the right to:

- 1) acquire knowledge and pursue their own scientific interests and, for this purpose, use the classrooms, lecture and seminar rooms as well as other facilities, library resources and IT services of the University, as well as obtain assistance from teachers and administrative staff of the University, in accordance with separate University regulations,
- 2) the training by the Student Self-Government on the rights and obligations of a student,
- 3) consociate in the University's student organizations, including student scientific associations, artistic and sport associations as well as participate in research, development and implementation works, in accordance with regulations specified in the act,
- 4) participate in lectures in different subjects, in accordance with regulations specified in §41 in different forms of classes,
- 5) implement part of the studies in a different university, including abroad, in accordance with rules specified with different regulations or contracts/agreements,
- 6) active and passive participation in the University's collegial body elections as well as Student Self-government body, in accordance with rules specified in separate University regulations,
- 7) participate in the University's collegial body decision-making through the agency of the students' representatives,
- 8) make demands on the course of study and other important matters of the academic community through student representatives,
- 9) receive awards and distinctions referred to in the Study Regulations,
- 10) participate in the process of awarding academic teachers, in accordance with rules specified in internal acts, material aid in accordance with terms specified in the Act and internal regulations.

§ 4 *Study Regulations of the Medical University of Silesia in Katowice* defines the **rights of students**

2. Student's obligations include:

- 1) acquiring knowledge, skills, and social competence to prepare for future professional work,
- 2) abiding by the content of the taken oath,
- 3) compliance with the University regulations and the regulations in force at the medical entities where classes are conducted,
- 4) compliance with the principle of ethics suitable for medical occupations,
- 5) familiarizing and compliance with courses' regulations,
- 6) timely payments of fees for educational services and other fees related to the studies required by the University,
- 7) participation in all forms of classes,
- 8) timely completion of tests, course credits, passing exams, completion of practical classes or internships, and fulfilment of other requirements stipulated in the study program,
- 9) meeting deadlines arising from the course of study,
- 10) acting in a manner that does not violate the dignity of the student and taking care of the good name and image of the University, maintaining the good morals of the academic community and respecting the property of the University,
- 11) protection of personal data to which the student would have access in the course of study and other legally protected data in accordance with the applicable internal acts of the University,
- 12) providing the mailing address in the territory of Poland no later than 30 days after the beginning of study,

§ 4 *Study Regulations of the Medical University of Silesia in Katowice* defines the **rights of students**

- 13) notifying the Dean's Office about the change of personal information, marital status, permanent, residential and mailing address immediately after the change under pain of negative legal consequences for the student,
- 14) performing timely and obligatory medical examination and vaccinations within the timeframes stipulated by applicable regulations and submitting them to the Dean's Office,
- 15) passing of the occupational health and safety training and the fire safety, as well as abiding by the safety rules established by the University,
- 16) The use of an e-mail administered and managed by the University and the regular use of an individual student account in the electronic system for managing the course of study,
- 17) Compliance with the following prohibitions:
 - a) Alcohol consumption or being on the premises of the University in a state indicating its consumption,
 - b) Possession, consumption and distribution of intoxicants and psychoactive substances or being on the premises of the University under the influence of drugs,
 - c) Bringing and using on the premises of the University objects that endanger life or health,
 - d) Bringing electronic devices, contacting others or using other forms of unauthorized assistance during tests/exams/credits,
- 18) Evaluation of the implementation by academic teachers of their duties related to education according to the rules set forth in internal acts.

Supervisor for my year of studies and internship supervisor

§ 3 ust. 1 *Study Regulations of the Medical University of Silesia in Katowice*

„ 1. The University appoints from amongst academic teachers:

- 1) Year supervisors,
- 2) Internship supervisors,
- 3) Erasmus+ coordinators for individual Faculties.”

Supervisor of the 1st year of dentistry:
Mgr Adam Piecuch

Internship Coordinator for the dentistry:
Dr n. med. Sylwia Wójcik

Intership Supervisor for the 1st year of dentistry:
Dr n.med. Katarzyna Mocny-Pachońska

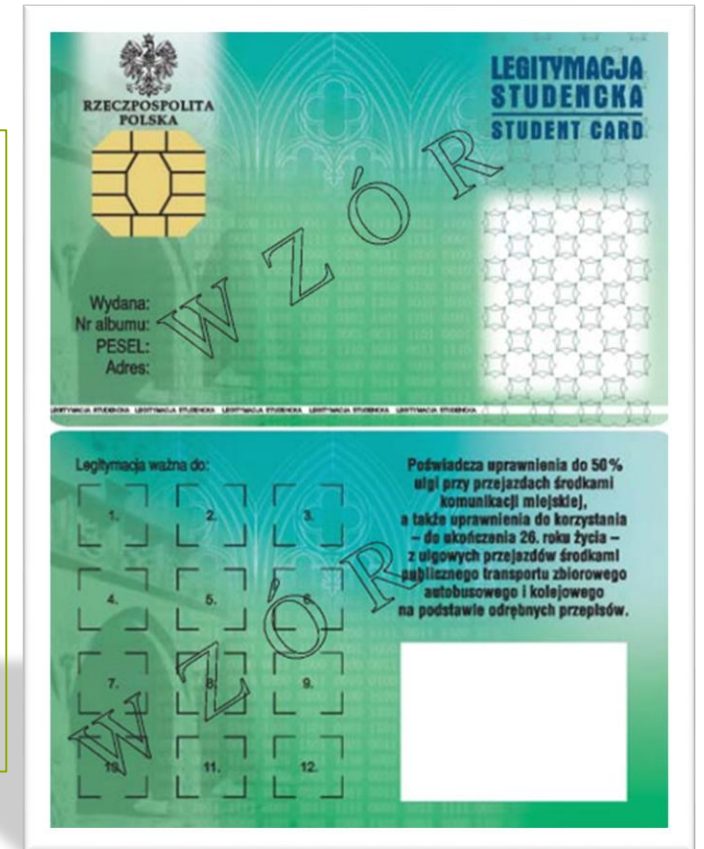

Student ID

§ 6 ust. 1-3 Study Regulations of the Medical University of Silesia in Katowice

„ 1. The person admitted to study begins their study and acquires student rights upon taking the oath, the content of which is specified in the Statute. The taking of the oath is confirmed in writing by the person admitted to the studies.

2. After taking the oath, the student is given a student ID card valid for all subjects.

3. The Student ID card authorizes the use of student rights under the terms of separate regulations and serves to identify the student.”
