

## Instructions for entering a car's registration number

It is possible to add only one registration number per student to the system.

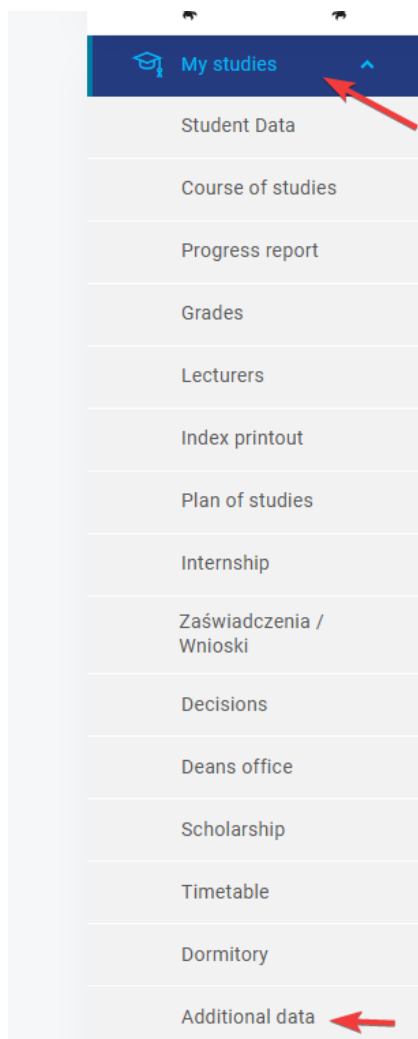

Adding a registration plate to the barrier management system:

1. Log in to your Virtual University account - <https://u10.sum.edu.pl>

2. On the home page, click on the 'My studies' tab to expand it.

3. Then select the 'Additional data' section.

4. Enter your registration number in the designated field.

A screenshot of a web application interface titled 'ADDITIONAL DATA - EDITING'. Below the title is a dark blue bar with the text 'Study additional data'. Underneath is a table with two columns: 'Name' and 'Value'. The first row in the table has the text 'NR REJESTRACYJNY POJAZDU ( \* Wypełnienie pola jest równoznaczne z wyrażeniem zgody na jego przetwarzanie przez SUM )' in the 'Name' column and an empty input field in the 'Value' column. A red arrow points to this input field.

Until the work on the system synchronization is completed, please additionally report the change of the registration number by calling at +48 32 208 35 71 or via e-mail: [eksploatacja@sum.edu.pl](mailto:eksploatacja@sum.edu.pl).
